Abstract

Allergic skin affections are burning issue now days. Urticaria is one of such allergic dermatological affection that is seen worldwide and may be present at any age. In spite of taking conventional therapies recurrence rates are high. Homoeopathic internal medication is useful in such local maladies. Up till now very few experiments are done on use of LM potency so, this study was selected to work on.

Aims & Objective: To see the efficacy of homoeopathic medicines prescribed in LM potency in cases of Urticaria.
